

Alexandria Gazette

VOLUME CX.-NO. 269

ALEXANDRIA, VA. MONDAY EVENING, NOVEMBER 22, 1909.

PRICE 2 CENTS

Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has the badge of HONESTY on every bottle wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, disagreeable, catarrhal, pelvic drain, dragging down distress in lower abdomen or pelvis, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or the derangement of the feminine organs, you can not do better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and manipulations of the family physician can be avoided and a thorough course of successful treatment carried out in the privacy of the home. "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs.

Do not expect too much from "Favorite Prescription"; it will not perform miracles; it will not dissolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weak women and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time.

You can afford to accept a secret not from a substitute for this remedy of known composition. Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic. Easy to take as candy.

For Sale.

Contract advertisers will not be allowed to exceed their space unless the excess is paid for at transient rates, and under no circumstances will they be allowed to advertise other than their legitimate business in the space contracted for.

Resolutions in memoriam, of thanks, tributes of respect, resolutions adopted by societies or persons, unless of public concern, will only be printed in the paper as advertisements.

(Entered at the Postoffice at Alexandria, Virginia, as second-class matter.)

DEFENDS RACE SUICIDE.

Limit the number of children in each family and limit the immigration to the United States, or else there is grave danger that the population may exceed the available food supply.

Such is the advice of Scott Nearing, instructor in economics at the Wharton School of Finance and Commerce of the University of Pennsylvania, in Philadelphia.

Speaking before the Hebrew Literature Society yesterday afternoon on "Race Suicide," Professor Nearing ridiculed ex-President Roosevelt's pet theory of the advisability of big families, declaring that the anti-race suicide sentiment was responsible for the increased cost of living expenses.

Professor Nearing is a member of the socialistic colony at Arden, Del., that numbers among its members some of the leading citizens of Philadelphia.

"The human population will soon overtake the means of supplying it," he began. "If the Americans want to maintain their standard of living they must restrict the number of persons who immigrate to these shores."

"Race suicide is a good thing because it presents an increase in population greater than can be provided for. It also means an easy life for women. How can they enjoy life when they spend their time in bearing children? Families are not heard of in America because we have such great resources. But if the population increases more rapidly than these resources can be developed, they may again appear. The population of China is great. All have many children. But they do not live: they exist."

"We do not need so many people in this country. It is no longer the function of women to bear children, but to rear children. If a mother is to spend 30 years of her life in childbearing she cannot retain her ideals. She will become weakened and she cannot bring up her children in the way that is her duty."

SAYS THE WOMEN WILL VOTE.

"Female suffrage will come. Not fully at once, but by varying steps," Supreme Court Justice David J. Brewer thus expresses confidence in the ultimate success of woman suffrage, in an article which will appear in the December issue of the Ladies' World.

"Woman's border education," says Justice Brewer, "her increasing familiarity with business and public affairs, will lead to it. And why not? The chief reply is the home. God forbid that it should be jeopardized, for upon it in all its fullness depends the best social life. In fact, it is the basis upon which growing humanity depends. And in it a woman must ever be the great factor and unchallenged queen."

"But female suffrage will not debase the home or lessen its power and influence. On the other hand, it will introduce a refining and uplifting power into our political life. It will not stop marriage, neither will it hinder education. The great natural laws of our being will always assert themselves."

VIRGINIA THE CRAB PRODUCER

It may astound many, and cause some to hesitate to question the statement, when we say that eighty per cent of the soft-shell crabs marketed in the United States come from Virginia waters, all but five per cent of these going from Accomac county alone. A few soft crabs go from North Carolina and a few from Somerset county, Md. These figures are gathered from a study of the industry and statistics carefully compiled by dealers of Crisfield, Md. That city controls the output and the markets of the United States. Being on the border of Virginia, it gets practically all the catch of Accomac county. The crabs are packed in wet grass and shipped alive to northern and eastern markets. The canning of soft crabs for western and European shipment is also quite an industry in Crisfield.

The yield of crabs and crabs this year has been very large, and the demand has been constant and the prices remunerative. — [Virginia Citizen]

VICTIM OF BATTLESLAKE.

Miss Belle Jones, 18 years old, daughter of the leading merchant of Amsterdam, Ga., is dead as a result of being struck by a great rattler while walking in a flower garden of her home. The snake was coiled under a rose bush and struck Miss Jones as she was gathering flowers. The snake struck the girl on the leg between the ankle and knee and clung there. She ran screaming to the house, dragging the snake with her. Her father who met her, snatched the snake from her leg with his hands and killed it. The snake was seven feet long and of large girth. The marks on the girl's legs were over three inches apart. Physicians were summoned, but were unable to save her and she died in terrible agony five hours after being struck by the snake.

If a tree is properly fitted, it will not cause discomfort. You can get such a fit if you go to Leadbeater's.
